4. Meeting Minutes Approval: January 10, 2007

Minutes:

1. Staff Update

Wendy updated the group on the status of development projects. Northgate is set to go for First Reading in February. If it is referred out to boards and commissions, it will come to the CACT for review. We have a site plan submittal for 800 W. Broad that is being reviewed. The City Center Transportation Plan consultant Ian Lockwood presented the concept plan to the Council and Planning Commission last Thursday.

2. NTC Petition: Review of North Cherry Street survey

We received 20 completed surveys: 19 voted for the traffic calming measures and 1 voted against them. The original survey stated that we needed 20 out of 26 households in the study area to agree with the measures. However, after mailing out the surveys I received two back undelivered (one is a vacant home and the other was undeliverable). The total household number is reduced to 25 (if only considering the vacant home), which means that 75% is 19 homes. The CACT will recommend these traffic calming measures to the City Manager. Wendy will draft the memo.

2. Meeting Minutes Approval – January 10, 2007

There were no edits and the minutes were approved unanimously.
